FIRST CONVICTION UNDER DRY LAW

Jesse D. Stout Is Fined \$100 and
Costs for Having More Than
Legal Amount of Beer

POLICE FIND 36 PINTS IN BARN

Stout Pleads Guilty and Pays Fine
—Person Allowed 12 Quarts of
Beer, Gallon of Whiskey

The fining of Jesse D. Stout in police court late Saturday afternoon for having more than the legal amount of beer in his possession marked the first conviction under the new state-wide prohibition law here.

Stout was fined \$100 and costs, amounting to \$130 all together, when he pleaded guilty to the charge before Mayor Irvin. Stout admitted that he and another fellow had motored to Hamilton, Ohio, and procured a quantity of beer.

Saturday afternoon a woman called Mayor Irvin and told him that a "blind tiger" apparently was being operated in the barn at the rear of Stout's home as she had seen several automobiles pull up to the barn and then leave in a few minutes.

Policemen Seward and Havens went to the barn and found thirty-six pints of beer in addition to a number of empty beer bottles. There was no one at the barn when the police arrived. They brought the beer back to police court and then Stout was arrested.

Stout was fined under the section of the state law which provides no one in Indiana shall have in their possession more than twelve quarts of beer or one gallon of whiskey at one time. It was not necessary to prove a sale in this instance because the possession of more than the legal amount of beer was a clear violation of the law. This apparently is what prompted Stout to plead guilty and pay the fine.

The law provides an offender may be fined from \$50 to \$250 for the first offense. The mayor did not give Stout the minimum, but struck a happy medium.

The beer was confiscated by the police and emptied in the alley.

INCOME TAX MUST BE PAID BY JUNE 15

Nation-Wide Campaign to Remind
Taxpayers Constantly of Their
Duty is Begun

CATCHY SLOGANS TO BE USED

A nation-wide "slogan" campaign to urge prompt payment of income taxes has been started in Rush county and will continue until the last day for the payment of income and excess profit tax, June 15.

Although all of the income tax returns in Rush county have been filed, the most important part of the tax—the actual collection of the revenues—remains to be accomplished. The slogan campaign has been adopted because officials believe it will be necessary constantly to remind the public of the payment of the tax by the middle of next month.

Catchy slogans emphasizing the fact that it is the patriotic duty of taxpayers to pay their income taxes promptly, have been sent to Rush county to be displayed in downtown stores and offices in order that the public might be constantly reminded of the limited time left in which to perform this duty.

The penalty for failure to pay on time is an assessment of five percent of the amount due, plus the interest at the rate of one per cent a month during which it remains unpaid. Delay means unnecessary expenditure for taxpayers and embarrassment to the government in the war work.

GROCERY COMPANY FINED

\$3,000 Divided by Food Administration Between Three Funds

(By United Press.)

Indianapolis, Ind., May 13.—The J. P. Michael grocery company today was fined \$3,000 by state Food Administrator Barnard for the violation of the rule governing the sale of sugar. The fine was divided between the Y. M. C. A., K. of C. and Red Cross.

MINISTERS START RED CROSS WAR FUND

Subscribe \$50 at Meeting Today and
Decide to Aid Campaign in
Every Way Possible.

UNION SERVICES THIS SUMMER

The Rushville Ministerial association, at a meeting today, voted to subscribe \$50 to the Red Cross war fund, which will be raised next week, and announced that the influence of all the pastors will be exerted in every way to help the campaign. Red Cross Sunday will be observed in the churches next Sunday. In the morning special sermons will be preached and in the evening a union meeting will be held, to be addressed by some outside speaker.

The association decided to hold the usual Sunday evening union services this summer, beginning the last Sunday in June and continuing all through July until the chautauqui. The ministers will alternate in preaching.

The question of holding a union evangelistic service here next fall, which was discussed at the meeting, will be referred to the various church boards.

498 VOTERS REGISTER AT PRIMARY ELECTION

Total Number Registered First Five
Weeks Board is in Session
Mounts to 2,076

MORE THAN A THIRD COMPLY

Four hundred and ninety-eight Rush county voters registered at the primary election last Tuesday, according to reports received by county registration board. Counting this number, 2,076 voters had registered up to Saturday night for the election next November. The board has been in session five weeks, which means voters have registered at the rate of more than 400 a week or more than fifty a day. More than one-third of the vote has been registered, according to estimates, because it is not expected more than 5,500 votes will be cast in the county at the next election because of many men of voting age having joined the colors.

Most of the registering at the primary was done in the small towns of the county by voters who do not come to the county seat often. One hundred and twenty-six registered at Carthage, 133 at Manilla, 105 at Mays and 131 at Arlington.

AGREEMENT ON THE DRAFT

Medical Students Already in School
Exempted From Registration

(By United Press.)

Washington, May 13.—Conferees agreed today on the measure drafting those who have become 21 since June 5 last. The dispute was over exemption of medical students. Under the compromise students already in the school will be exempt from registration but students who enroll from this time on will not be exempt.

SLOGAN ACCEPTED IN THIS DISTRICT

County Chairmen Will Attempt to
Close Red Cross War Fund
Drive in Two Days

LOCAL CANVASSERS READY

First of Series of Preliminary Meetings is Held at Fairview Sunday Night

"To wind up the campaign in two days"—the slogan suggested by E. B. Thomas, district chairman of the Red Cross work, has been accepted by the county chairmen of each district, who are making their preliminary preparations accordingly.

The drive will open one week from today and if the present plans which have been arranged by Mr. Thomas materialize, the drive proper in the district will have been completed by Tuesday night and the final reports from each canvasser available sometime Wednesday.

In Rush county, where Mr. Thomas has laid special stress on the necessity of a whirlwind drive, the canvassers are ready and awaiting the signal to start the campaign off with a bang and for rapidly as well as complete canvassing the anticipated campaign is expected to by far excel that of any former drive since the beginning of war relief work here.

The supplies for the drive for the county arrived last week and have been distributed among the various township leaders and as a result there is nothing to hinder the rapid prosecution of the work unless some unlooked for happening occurs.

The first meeting of a series to precede the launching of the campaign was held yesterday evening in the Fairview Christian church where Judge Will M. Sparks addressed a large crowd of Union township residents. At the meeting the fact was disclosed that the entire township has been thoroughly organized and everything is in readiness for the blowing of the whistle.

Numerous other meetings are being planned for Rush county, especially at the close of the week. Although final arrangements have not been completed for all of them, a meeting will be held in Andersonville

MIKE KATSAROS IS READY FOR TRIP OVER

Former Rushville Greek-American
Writes From New York he Passed
Through Here Tuesday

TRAINED AT FT. LOGAN, TEXAS

Although Mike Katsaros, proprietor of the Greek candy store here, is somewhere in New York state awaiting the steamer which will carry him to foreign training camps in the rear of No Man's land, he is a number one soldier and as a result made no attempt to disclose the name of his present location.

Communications, however, received from the former Rush county resident state that he was on the troop train which passed through this city last Tuesday night at midnight. For several weeks Mike had been in training at Ft. Logan, Texas, and following a seven days trip through the southern states finally landed "somewhere in New York." That the Greek-American will soon leave for France was indicated in his message. Further than to state that he was in a New York training camp he made no attempt to disclose his exact location.

Miss Leah Flint, who underwent an operation at the Sexton Hospital a few days ago, is recovering rapidly.

RUSH COUNTY TO BE REPRESENTED

John A. Tittsworth and G. P. Hunt
Will Attend W. S. S. District
Meeting at Newcastle

WILL BE HELD ON THURSDAY

Postmaster Hunt Writes Every Postmaster in County Urging Their Attendance.

The executive committee of the War Saving stamp department in Rush county will take an active part in the district meeting which will be held Thursday, May 16, in Newcastle.

John A. Tittsworth, chairman of the work in Rush county, and G. P. Hunt, who has charge of the distribution of stamps in the various postoffices in the county, have been notified of the meeting and will officially represent Rush county at all of the sessions, although the district leaders are urging a good attendance of all War Saving stamp officials in every township in the counties.

The meeting will be an all day affair, the main purpose of which is to work up the sale of stamps and to discover the means by which the entire district might become more interested in the purchase of the stamps, and their sale increased materially. The morning and afternoon sessions will be open only to the representatives of the counties, but in the evening there will be a mass meeting to which the public will be invited.

Both Mr. Hunt and Mr. Tittsworth are anxious that Rush county be well represented at the meeting where helpful suggestions concerning an increased sale in the county will be made. Rush county's great shortage in the sale of stamps makes the meeting one of double importance here, and as a result G. P. Hunt has written a personal letter to every postmaster in the county placing the importance of the meeting before them and urging them to attend.

J. D. Oliver of South Bend, the state director of War Saving stamp sales and F. E. Herring, vice-director of sales, will address both the mass meeting in the evening and the sessions during the day. Reports from each county will be made.

FINED FOR RUNNING IN VIOLATION OF LAW

Driver of Lexington Pleads Guilty
and Cases of Four Others Are
Continued Today

NO LICENSE PLATES CARRIED

The drivers of five Lexington automobiles which were being driven from the plant at Connersville where they were manufactured to Chicago, this morning, were arrested by the police for running without license in violation of the state motor vehicles law.

The drivers were all from Chicago having been sent to the factory by the Chicago agency. The leader telephoned the factory and Frank Ansted of the Lexington company telephoned Mayor Irvin. Mr. Ansted was informed that the Lexington people had been warned about continued violation of the motor law in driving the cars through here with the regulation license plates, and that it had been decided to stop it.

In the end it was agreed that one of the drivers should be fined for the offense, which was done, and the other four cases were continued. The cars all bore paper license plates, but the law says manufacturers or dealers shall buy duplicate license plates from the state at \$1 a pair for each car driven.

French Give Lie to Germans Regarding Sinkings by Submarines

(By United Press.)

Paris, May 13.—During February, March and April 4,511 ships have safely gone through the danger zone, it was announced. The Germans have claimed to have sunk 600,000 tons of shipping during April. This statement is false as only 268,700 tons were sunk.

SERVICE FLAG WITH 11 STARS UNFURLED

Methers Day and Patriotic Service at New Salem

MUSICAL PRELUDE IS GIVEN

Eleven stars were placed in the service flag of the New Salem Methodist church which was unfurled yesterday afternoon during the special Mother's Day service which was held at the church.

E. B. Thomas, district chairman of the Red Cross, delivered the address which was of a general patriotic nature, combining the Mothers Day address with special reference to the approaching Red Cross drive which will open next Monday.

The Rev. D. Ira Lambert, pastor of the First Presbyterian church of this city, led the devotional exercises at the opening of the meeting after which a musical prelude was furnished by a quartet, composed of O. P. Wamsley, Roy Mitchell, Dr. D. Ira Lambert and Dr. Veri Bebow and the Stevens orchestra of this city. The Rev. J. T. Anthony, pastor of the church, presided and accepted the flag which was unfurled in honor of the members of the church who had joined the colors.

SURPRISE AMONG ARMY MEN

(By United Press.)

Washington, May 13.—Doubt as to the accuracy of the statement attributed to the British war cabinet that American troops are to be held back until their force reaches powerful strength was expressed here today by Lord Reading, British ambassador.

An official statement by the ambassador declaring his belief that no such announcement had been made "with the knowledge of the prime minister or the war cabinet," followed expressions of great surprise among army men here today, as to the reported change in the military policy of the allies.

KARL AND WILHELM MEET

Two Rulers Confer at Headquarters
Sunday, it is Announced

(By United Press.)

Berlin, May 13.—Kaiser Wilhelm, Emperor Karl and members of their staffs conferred at the headquarters yesterday, it was announced today. They discussed political, economic and military questions satisfactorily, the statement said. "We were in complete accord on the present and future relations of the two monarchies."

A nine and one-half pound boy was born to the wife of Fred Woods Saturday morning. The child has been named Robert Kenneth.

Paris, May 13.—Hunger riots have broken out in Petrograd, according to a dispatch from that city received here today.

Paris, May 13.—Artillery fighting on both sides of the Aisne was reported by the French war office today.

London, May 13.—"Hostile artillery was active last night in the Somme valley, Albert Sector and between Locon and the Nieppe forest," Field Marshal Haig reported today.

Hoosier Killed in Action.

Washington, May 13.—The names of thirty-eight soldiers, mostly from New England were among the missing reported in today's casualty list.

They probably were captured by the Germans at Seicheprey. Today's list contained a total of 96 names, including ten killed in action, nine dead from wounds, five from disease, two from action, one from other causes and 31 wounded. Clyde "Lark of Atlanta, Indiana, was killed in action.

With the American Armies in Lorraine, May 13.—Three American soldiers stationed Sunday on a sector in Lorraine successfully stormed a German stronghold, and partly cleaning it out, came back for reinforcement and went over again to complete the drive.

A German sniper position had been causing considerable trouble and three Americans planned to put them out of business.

Without calling for any artillery preparation or barrage they started gunning across No-Man's Land in full view of both armies.

Arriving at the enemy post, they encountered a German officer and 12 men. The battle ran so fast that he three dough boys only had time

TRIBUTE OF SCOTTISH RITE

Hundreds of homes in Rush county were adorned with bouquets of red flowers in honor of the Rush county mothers while in scores of other homes bouquets of white flowers were placed in memory of the mothers who have died, when Rush county joined in the national observance of Mother's Day yesterday.

Special services were observed in all of the churches where at the Sunday school exercises interesting programs were given by the children and beautiful tributes, were paid to mothers by the ministers during their usual Sunday morning sermons.

Rush county mothers, members of whose families are soldier members of Scottish Rite degree of Masonry, received beautiful corsage bouquets of flowers from the State Scottish Rite headquarters in Indianapolis. The custom was observed throughout the state and was a touching tribute which the Masonic degree members paid to their soldier-mothers.

In a few moments a larger force
of the enemy was heard coming.
The dough boys, however, stripped
the dead officer of his papers, con-
taining important information.

Information procured from Ger-
man operations opposite the Amer-
ican front indicate a thinning of the
enemy lines because of the strains
on German resources in Picardy.

The Germans no longer attempt to
hold their outpost, retiring to safer
positions to avoid fighting with the
Americans. German prisoners indi-
cate the lower grade of troops are
here.

There are no German planes over
the American position any more. Al-
though a special German squadron
arrived to punish the American avi-
ators the enemy planes are entering
into no combat, except far behind
the German lines.

In the Lorraine sector and Verdun
sector American patrols penetrated
the German wires easily and con-
ducted extensive explorations with-
out encountering resistance.

On the Verdun front the Ameri-
cans have learned that the German
lines are held. The Boche is sub-
stituting frequent bombardment of
high explosives. This also is taken
by officers to indicate the meanness
of the enemy.

ASKS APPROPRIATION

NEEDED TO BUILD BIG GUNS

(By United Press.)

Washington, May 13.—The war
department today asked for an ap-
propriation of \$6,000,000,000. This
is in addition to the estimate of 15
billion dollars placed before the mil-
itary committee last week.

General Barrette, who presented
the estimates of the long time re-
quired appropriation to build big
guns, said most of those to be built
under the next fiscal year appropri-
ation, cannot be delivered for one
year after the contract is set.

Need for heavy artillery is not
pressing, Barrette said, because of
the large reserve supply of the al-
lies, but the United States must be
ready.

Woman Is Back At Daily Work

Tells How Tanlac Improved Health so That She Feels Fine Again

Mrs. Mary Mastyn, 936 North Illinois street, Indianapolis, says Tanlac, the famous tonic, has helped her greatly and she highly recommends it for folks whose systems are out of order.

"I used to get up mornings with a dull headache and I didn't have any appetite for breakfast at all," Mrs. Mastyn said. "A cup of coffee was about all that I'd care for and if I ate very much I was sure to be sick at my stomach."

"I just felt tired out all the time. I seemed to be weak all over and I didn't want to do any work or anything else."

"Finally I tried Tanlac and it certainly did help me. I just feel fine. I'm a laundress and Tanlac has improved my health so much that I'm back working every day now. I've got a great appetite, too, and eat good. All the tired out feeling has left me and I'm feeling fine all over."

"I think Tanlac is a great medicine." Get Tanlac if you feel run down and get it today. Don't put it off. Delay in health matters is dangerous. You can get Tanlac at F.E. Wolcott's Drug Store or any good drug store.

For Rheumatism

Try Tanlac Rheumatism Treatment for rheumatism. It is helping hundreds and will do for you what it is doing for others. You can get it at any good drug store. (Adv.)

Fordson Tractors

The facts in connection with the distribution of One Thousand Fordson Tractors in Indiana by Henry Ford & Son of Dearborn Michigan, are—

The Governor, James P. Goodrich, and the State Council of Defense, having advised Mr. Ford that the use of tractors in this state is especially necessary this year to secure the maximum quantity of food as a war measure, and the concurrence in this opinion by the State Food Administrator and the Committee of Food Production and Conservation, led Mr. Ford to immediately order that One Thousand Tractors be allotted to Indiana, to be delivered into the State at the rate of one hundred of seven each per day.

In order to facilitate the arrangements, the corporation known as the Indiana Tractor Company was organized to handle the details from their headquarters, 1327 E. Washington Street, Indianapolis, under the supervision of Professor T. A. Coleman of Purdue University, the State Leader of County Agricultural Agents and to distribute the tractors through the instrumentality of county and local Ford dealers and other distributors, direct to the farmers, the whole transaction involving no profit whatsoever to any of the persons contributing their services, nor upon the part of the manufacturer.

Ray Keys of Rushville has arranged to distribute seven of the Fordson Tractors to the farmers in this locality and is hopeful that they will be received in the near future.

This is a patriotic effort of practical value and will do much towards the winning of the war and the future prosperity of the farmers of Indiana.

No Whitewash Wanted

Any whitewash applied now to those who are responsible for the apparent failure of aircraft production to come up to expectations will not be tolerated by the American people. The controversy has reached a stage now where it must be investigated fully and with an honest attempt to get at the facts in the case.

The attempted exposing of Gutzon Borglum, personal investigator for the president of aircraft production, has only served to add fuel to the flames. Borglum, as it happens, is not a defendant in the case, but will be a leading witness, naturally, after his public charges of "dishonesty and Teutonic retarding influences in airplane production." The fact that he will be the principal witness in the investigation should be considered before any credit is given to the effort to discredit him.

The general accusation that there has been inefficiency and a waste of a vast amount of money in the production of flying machines still stands and those who were responsible for it will stand under a cloud until a thorough investigation is conducted. It remains for the United States department of justice and the senate military affairs committee to get to the bottom of those charges and counter-charges and learn the truth.

If a resolution pending in the senate is passed—and it likely will be unless the president interferes, and then it may be anyway—the military affairs committee will have ample powers to conduct an inquiry into any phase of the war undertaking. The resolution which would give the committee such broad powers is as follows:

"Resolved That the committee on military affairs, or any subcommittee thereof, be and is hereby authorized and directed to inquire into report to the senate the progress of aircraft production in the United States, or into any other matters relating to the conduct of the war, by or through the war department; that said committee, or any subcommittee thereof, may sit during the sessions or during any recess of the senate, require by subpoena, or otherwise, the attendance of witnesses and the production of books, documents and papers, take the testimony of witnesses under oath, either orally or by deposition, obtain documents, papers and other information from the several departments of the government or any bureau thereof, employ stenographic help at a cost not to exceed \$1 a printed page, report such testimony as may be taken, employ such agents or assistants as may be necessary, and that all expenses including traveling expenses, contracted hereunder shall be paid from the contingent fund of the senate.

Borglum created a sensation when he made public this statement: "I have said the aero department is full of profiteering, that hundreds of millions have gone, that factories have been created where there were no factories before."

Here's Where The Fun Comes In

He Believed in Preparedness

Because he believed in preparedness and had heard of the scarcity of uniforms in army cantonments, Lafayette Goldman, a former Rush county boy and one of the recent conscripts from Henry county, purchased a uniform before going into camp and bore a marked contrast to the remainder of the selective men as they proceeded to the train.

"Lafy" Goldman wished to go to war looking like a real soldier so he had his uniform in readiness and donned it the morning the boys left for Camp Taylor. Goldman asked the conscription board if they thought it would be alright for him to wear the uniform and they raised no objection as he would appear in uniform sooner or later.

Many people who witnessed the send-off which was given the conscripts were unable to recognize one of the latest soldiers and were under the impression that he was an officer from the camp in charge of the draftees.

Goldman, who is well known in this city, is the son of Harry Goldman of Straughn, a prominent stock raiser. He speaks English, German, Hebrew and Russian fluently and will probably remain in the ranks only a short time.

tracks to the extent of fifty millions given to men who had neither rhyme nor reason for the remotest connection with the emergency or airplane production.

This started a flood of rumors and the president appointed a committee to conduct an investigation. Although this committee has made no public report, the stories have come from Washington that there is nothing to substantiate the charges of graft or pro-German influences.

The senate military affairs committee has already held an investigation of aircraft production and the parts of the majority report following indicate that the thing has been a failure:

"The production of combat planes has thus far been a substantial failure. Much of the delay is due to ignorance of the art and to failure to organize the effort in such a way as to centralize authority and bring about quick decision. An apparent intention of confining the actual production to a restricted number of concerns, and a failure to build as many (planes) as possible for the campaign of 1918 have contributed to the failure. It is greatly to be regretted that the statements of government officials have misrepresented the progress of the aviation program. This misled the public.

"Any action which retards progress, such as trust agreements or the prevention of those developing flying machines from flying, under proper restrictions, should be removed."

There's a Reason

According to a Dutch daily, the Germans in occupied Belgium have given notice that owing to the paper shortage the war bulletins will be discontinued. This has been in force since December 15, 1917.

The paper crisis must be acute considering that the Germans are foregoing the means of demoralizing the population, which they have employed ever since their entry into Belgium. However, their lack of success has probably influenced their decision.

Last year's Cornell football team is going into tank service. They will use the ordinary tank armament and weapons. But those may not be necessary, for the football yell is likely to scare the enemy to death.

Considering the assiduity and unanimity and strenuousness with which the Colonel is sawing wood, all fear of a fuel famine next winter should be dissipated.

Anyway, it appears that a sculptor has about as much business investigating airplane production as a man with no arms has hanging wall paper.

Gautemala has now joined the allies. Gautemala has a large supply of "shock" troops that would prove effective if we could get them over there.

COUNTY CHAIRMEN HAVE BEEN NAMED

Both Republican and Democratic Parties Have Reorganized Ready For Record Fight

DISTRICT MEETS THIS WEEK

Republicans Will Meet Tomorrow and on Wednesday Democrats Will Choose District Chairmen

(By United Press.)

Indianapolis, Ind., May 13.—With the re-organizations of both the democratic and republican parties scheduled for this week, the next few days promised to be history making in Indiana politics.

The republican county chairman, which were elected on Saturday, will meet tomorrow in their various districts and choose district chairmen and perfect district organizations. On Wednesday the men chosen as district chairmen will come to this city and elect a state chairman and arrange for a state organization.

That L. W. Henley secretary of the committee who has been acting Hays and who has been acting chairman since Hays resigned, will be chosen chairman of the republican state committee was believed probable. However, there are several other names being mentioned including E. W. Wasmuth of Huntington; Jack Bryson of Brazil and Walter Bossert of Liberty.

It is known that following the November election Henley will become associated with Hays in the national organization and there was some opposition to him on the grounds that it was believed a man should be selected who would stay with the job.

The democratic county chairmen will meet on Wednesday to choose district chairmen. The following day, Thursday, the newly elected district chairmen will meet in Indianapolis at state headquarters to elect new officers. It was thought probable that Charles Greathouse would be retained as chairman and Fred Van Nys as secretary.

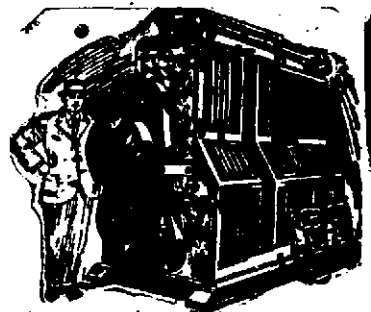

The only probable change in the democratic organization, democratic leaders predicted, will be the election of A. O. Sallee to succeed Bernard Kirby as district chairman in the seventh.

Campaigns for the election will be outlined at the state meeting and the battle cry sounded to the party workers.

Following the week's program, the next important event on the political calendar will be the state conventions—the republicans the latter part of May and the democrats the middle of June.

During the period of the war we will not sell any American Midget Roller Mills unless it is to supply the local needs of a community, or our Government, with flour and feed.

DO YOUR BIT. Help the Government by saving the freight on wheat and flour. Relieve the railroads of this unnecessary congestion by establishing in your community one of these wonderful American Midget Roller Flour Mills.

And Make Money, Too

\$150 to \$1,000 per month can be made with this permanent, substantial and dignified business.

This wonderful self-contained roller mill is revolutionizing milling. Makes splendid flour at a better yield than the Government requires. One man without previous milling experience can run it successfully. Small cost, small power, easy operation enables it to make a "Better Barrel of Flour Cheaper." You can sack your flour under our nationally advertised brand "FLAVO."

Our Service Department inspects your product each month free and keeps you up to quality. Discard old mills from 15 to 100 barrels per day. You can start with the small size if you have \$2,000 to invest. Sold on 90 day trial.

A Purposeful Formula

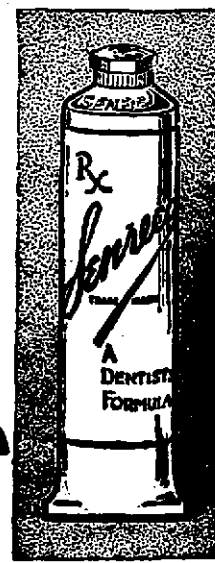

Senreco's formula is not "just a little of this and a little of that."

It was devised with a definite object in view.

The object was to produce a tooth paste possessing medicinal as well as cleansing properties—a real cleanser that could be depended upon to remove tartar and keep mouth and gums healthy.

The ideal defined, our laboratories set about to determine the proper combination to produce it. Senreco is the result. It has been tried, tested and pronounced good by hundreds of the profession. Try a tube. A single tube will prove every claim. Will show why thousands today use and demand Senreco—and are satisfied with nothing less. All druggists and toilet counters. Large 2 oz. tube—25c.

**Save 25% in the Price
50% in Upkeep**

THIS 3/4-TON REO "Speed Wagon" is the result of Reo manufacturing facilities—Reo efficiency—Reo experience—so the price is 25 per cent less than that of other trucks of similar quality.

NO—WE DIDN'T SAY the same quality—we said similar.

FOR WE WON'T ADMIT that any other truck of same rated capacity is quite as good as this Reo.

WE KNOW OF NONE that will carry the same loads over the same routes day after day; or the same overloads when occasion demands; and stand up under the strain as this Reo does.

AND THAT BRINGS US back to the fact that this Reo "Hurry Up Wagon" is also Reo designed.

REO ENGINEERING is sound engineering; the oldest, therefore the ripest in the industry.

AND COST OF UPKEEP is determined, first in the design and then in the manufacture.

THIS 3/4-TON REO has proved to be lower in upkeep than any other truck of same capacity—regardless of price.

NOW, OBVIOUSLY a truck that costs 25% to 100% more in the first place should cost less for upkeep.

THAT IS THE THEORY on which the buyer pays the higher price.

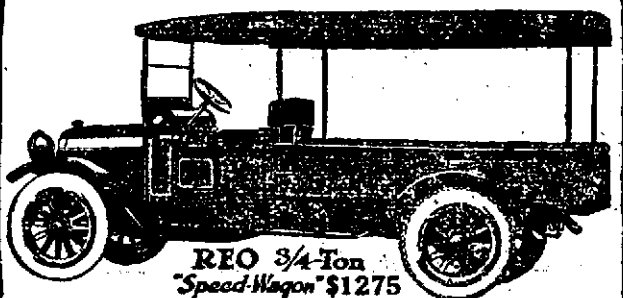

AND IT DOESN'T HOLD—any Reo representative can show you figures galore on that point—and Reo always leads.

IF YOU DESIRE the dependability and low upkeep—and of course those are the very qualities you most need in a commercial vehicle—decide on this Reo and have, back of your own judgment, that of thousands of satisfied, delighted, enthusiastic owners.

President-Elect of Brazil Says His Country Will Back up Leadership of This Country

GIVES REASONS FOR DECISION

Main Policy Will Be to Eliminate Prejudice Among All American Countries, He Says

By ROY W. HOWARD
(President of the United Press)
Sao Paulo, Brazil, May 13.—"Brazil will follow the course of the United States to the end of the war. The change of administration will not alter our policy of backing up the leadership of the United States in the most friendly and genuine way."

The speaker was president-elect Rodriguez Alves, who will return to the presidential chair of Brazil for the second time on Nov. 15. In a most convincing manner and without equivocation, the next chief executive in an interview, the first he has given since his election, outlined his war policy about which speculation has been rife.

Before making his statement, the president-elect read very carefully the original copy of President Wilson's letter of Jan. 16 to the United Press in which he outlined aims of the United States. Speaking slowly and seriously, he said:

"The sentiment expressed in this letter is worthy of the best tradition of the United States. It carries the same conviction which has made the recognized spokesman of the allies of a man whose genius was not suspected before the war crisis. The attention drawn by his commanding style and unquestionable sincerity, based on extreme prudence and patience before action, has enabled him to carry South American thinkers along with him in sentiment if not always in action. The self-abnegation of the United States in offering themselves without selfish individual ambitions and without a single objective which is not guaranteed to all peoples, has given President Wilson unprecedented moral authorization and has raised the United States in universal estimation to a position from which it can accomplish the absolute solidarity of the democracies of the western hemisphere without incurring the slightest envy or suspicion."

"The unanimity of support the United States is giving the President coupled with his own faithfulness to democratic fundamentals has unprecedentedly strengthened the possibilities of his benign activities. It has eliminated in Brazil, as in the rest of the world, the intent prejudice, that the United States is open to suspicion of selfishness."

"The course of the United States during the war crisis stirs my personal pride that, during the previous administration from 1903 to 1906 with Senor Rio Branco as foreign secretary, we gave much attention to promoting the closest relationship with the United States. By raising our Washington legation to the rank of embassy and promoting the second Pan-American congress, we so

FIRST DEATH OF THE EPIDEMIC IN THE CITY

Mildred Jones, 8 Years Old, Dies of Pneumonia Developing From Whooping Cough

FUNERAL THIS AFTERNOON

The first death to occur in Rushville as the result of the whooping cough epidemic which is raging was that of Mildred Jones, the eight-year-old daughter of Mr. and Mrs. Riley Jones of East Eighth street. The child died Saturday evening after having been ill with whooping cough and pneumonia for several days.

She is survived by her parents, four brothers and two sisters: Myron her twin brother, Lowell, Paul, and Dale, Pauline and Mrs. Henry Dungan. The funeral services were conducted this afternoon at the residence with burial in the East Hill cemetery. The Rev. L. E. Brown conducted the services.

manifested our regard that Brazil was honored with a visit from that other great statesman, Elihu Root, who like Mr. Wilson, greatly advanced South American understanding and appreciation of the high purpose of the United States.

"For even stronger reasons, the same policy will be followed during my second administration. Our main policy will be to eliminate prejudice and suspicion between all American countries, just as on the occasion of Mr. Root's memorable visit to Brazil. I personally and heartily endorsed extension of the trip to the other great southern republics."

"I repeat that this will continue to be the basis of Brazil's international policy. Meanwhile we recognize that, by the enormity of her sacrifices and her unselfish contribution to democracy in the present trouble the United States, in the opinion of Brazilians, has earned the right to the liberty of voicing and interpreting the sentiment of the western republics in any movement to promote unity of purpose and mutual confidence which are most essential to the common good of all."

"Then you prefer Pan-Americanism to the policy of Latin-Americanism?" the president elect was asked.

"Unquestionably Brazil stands for Pan-Americanism," he replied, "having been for years in closest sympathy with United States and seemingly having understood the Washington policy better than some others have. Brazil has everything she desires territorially and she covets nothing of her neighbors. Naturally she recognizes that the United States is equally endowed and equally uncovetous. Brazil has never taken seriously the myth that the United States is ambitious for territorial acquisition."

"Speaking for Brazil only, Pan-Americanism is the most sensible policy. The resourcefulness and financial strength of the United States offer much that we need after the war. On the other hand the development of Brazil's natural wealth offers much to the United States. Any policy which retards the meeting of these interests is too short sighted long to survive."

Amusements

A Story of Cabaret Life

New York cabaret life provides a setting for "The Strong Way" which will be shown at the Princess theatre tonight. June Elvidge has the leading part, which she is well fitted to fill. An extra attraction will be a Ford educational weekly. Elsie Ferguson in "The Rose of the World," a story with a war background, and Fatty Arbuckle in "Out West," will divide honors on the program tomorrow night. The picturization of Rex Beach's famous novel, "The Auction Block," will be the offering on Wednesday evening.

Charlie Chaplin at the Gem

Charlie Chaplin will be seen at the Gem theatre tonight in a two reel picture "The Count," and Miss Billie Rhodes will appear in "Their Little Kid." The "Screen Telegram," a news picture depicting late events, most of them dealing with the war, will be an added attraction tonight. Tomorrow night will be the benefit for the Knights of Columbus war camp fund when "France in Arms"

SHOWS NECESSITY OF RELIGION NOW

The Rev. C. M. Vocum, Former Pastor of Christian Church, Speaks Here Sunday Night

CHURCH A VITAL NECESSITY

The Rev. Cyrus M. Vocum of Kansas City, former pastor of the Main Street Christian church of this city, delivered an interesting address at the church last night.

"Why the Church Should Not Lay Down" was the subject of his address and in most emphatic declarations the former local minister dismissed the necessity of religion now as one of the most vital necessities of the day and condemned those people who advocate the policy of placing religion in the background until after the war is won.

"The war cannot be won without religion," declared the speaker. "During the trials which will, without doubt, be visited on many American homes before victory comes, the need of the church will be sorely felt by those whose family circles will be broken by the ravishes of the enemy."

In his present work which is in the missionary field, this question has been discussed from every angle and the address last night explained clearly the errors under which the preachers who place religion second, are laboring.

Women Prepare

Thousands of women in Indiana have overcome their sufferings, and have been cured of woman's ills by Dr. Pierce's Favorite Prescription. This temperance medicine, though started nearly half a century ago, sells most widely today. It can now be had in tablet form (60c a package) as well as liquid, and every woman who suffers from backache, headache, nervousness, should take this "Prescription" of Dr. Pierce's. It is prepared from nature's roots and herbs and does not contain a particle of alcohol or any narcotic. It's not a secret prescription, for its ingredients are printed on wrapper. Send 10c for trial package tablets to Dr. V. M. Pierce, Invalids' Hotel, Buffalo, N. Y.

OPERATION AVOIDED

LAFAYETTE, IND.—"Three years ago I was taken to the hospital—all arrangements made for an operation, but when the doctors were uncertain as to whether it was to be for appendicitis or woman's trouble I insisted upon being taken home until they were of one opinion as to my ailment. Then a friend told me what wonderful remedies Dr. Pierce's were, selling right from the drug shelves, and thought they might give me relief. I bought a bottle each of 'Favorite Prescription' and 'Golden Medical Discovery' and a box of 'Lotion Tablets.' These relieved me of a catarrhal condition, all abdominal pain, etc. But I took the medicines for almost a year to make sure of a complete recovery. Today I am in absolutely good health."

Miss Emma Casey, daughter of Mrs. Sarah Casey, of this city and George Zike, also of this city, were quietly married at the Baptist church parsonage by the Rev. C. J. Bunnell, Saturday afternoon. Miss Mamie Kuntz and Mrs. Laura Newbro were the only ones witnessing the ceremony. The bride was attractively attired in a gray suit with a corsage bouquet of roses. Mr. and Mrs. Zike will reside in North Perkins street.

Saturday evening Miss Irene Ellingwood entertained at the home of Miss Marie Taylor, 634 West Ninth street, with a slumber and theatre party in honor of Miss Eleanor Dudgeon who is in training to become a nurse, in a Washash hospital. The guests enjoying this delightful affair were the Misses Eleanor Dudgeon, Marie Taylor, May Cheek, Ruby Sterrett, Naomi Raukin, Hazel Taylor, and Mrs. William Taylor.

Honoring the sixteenth birthday of their son, Fred, Mr. and Mrs. John Little entertained with an all day party yesterday, at their home in Padmouth. A centerpiece of lilies of the valley adorned the table when a splendid two course dinner was served. The guests at this delightful affair were, Mr. and Mrs. David Kirkpatrick and Mr. and Mrs. W. H. Hall.

William Wright entertained with a well appointed dinner party last night at his home in Morristown. The dining room was beautifully decorated for the occasion and covers were laid for the following guests who motored from this city: Martin Kelly, Charles Caron, John McCoy, John Kinsley, the Rev. M. W. Lyons and Earl Osborne.

Mr. and Mrs. William Higgs entertained at their home in West Second street, Sunday with an informal dinner party at noon. The guests included Mr. and Mrs. Edward Short and daughter Vera, Mr. and Mrs. Ambrose Gohring and children, Mr. and Mrs. Fred Arbuckle, and Mrs. Agnes Raser and daughter Rozelle.

The meeting of the Loyal Daughters class of the Main Street Christian church, which was to have been with Mrs. Russell Barringer tomorrow evening, has been postponed until Tuesday evening of next week, on account of the death of Mrs. Marie Alexander, who was a member of the class.

Mr and Mrs Sam Young entertained Mr. and Mrs. Frank McBride, daughters, Zula and Fern, and son, Guy, of Mays at dinner Sunday, honoring their grandson, Guy McBride, who is to leave next Friday, for Fort Benjamin Harrison, where he has been called for training.

A meeting of the official board of the St. Paul's Methodist church will be held tomorrow evening at eight o'clock in the church. The meeting is an important one and as a result a one-hundred percent attendance is desired.

There will be a business meeting of the teachers of the various Sunday school classes of the St. Paul's Methodist church at the church on Wednesday evening. The meeting has been called by Herbert Flint, superintendent of the Sunday school work of the church.

There will be a meeting of the Boy Scout troop of the St. Paul's Methodist church Wednesday evening at 7:30. George Wiltse, scout master, desires a good attendance.

Invitations have been issued to an informal dance to be given in Shelbyville on Wednesday evening. Several guests from this city will be in attendance.

The meeting of the Ladies Aid society of the Main Street Christian church will be held in the church parlors tomorrow afternoon.

The meeting of the Happy-Go-Lucky club which was to have been with Mrs. J. M. Amos Thursday, has been postponed indefinitely.

The home of Mr. and Mrs. J. H. Brown, south of Manilla was the scene of a quiet wedding, Saturday afternoon, when their daughter, Abna Marie, was married to William E. Orme, son of Mr. and Mrs. Arnold Orme of this city. The ceremony was performed by the Rev. Mr. McMullin of Blue Ridge, and only the members of the immediate families were present. The bride was beautiful in a gray traveling suit and wore a corsage bouquet of pink roses. Mr. and Mrs. Orme went to Milroy for a short visit with the bride's sister, Mrs. Forest Webb, after which they will return to this city to reside with the bridegroom's parents for the present. Mr. Orme is engaged in the ordnance department as instructor in making gun carriage parts for heavy artillery, in Cumersville.

The beautiful country home of Mr. and Mrs. George Kehl, northwest of Padmouth, was the scene of an attractive social affair, Saturday night when they entertained with an informal reception in honor of their son, Howard, and his bride, Mr. and Mrs. Howard Kehl, who were married last week. The rooms were tastefully decorated with spring flowers, carrying out a color scheme of pink and white. The color scheme was also suggested in the light refreshments, which were served at the close of the evening. Sixty-five guests were entertained with a musical program and short congratulatory talks were given by several of the guests.

Mrs. W. H. Smith will entertain the O. N. T. club at her home in North Harrison street tomorrow afternoon.

Our stock of oxfords and pumps is complete and we promise you a delightful line of models from which you may choose. Brown, tan and black oxfords with military heels are the latest word in summer footwear. We have a dainty white kid pump, high French covered heel—just the thing for graduation as well as being a serviceable slipper for warm weather.

Enticingly smart are the gray kid oxfords with Louis heel—a very stylish model. Many styles of black kid pumps and patent pumps, together with the comfortable strap slipper in medium heel make a line from which you will find your choice.

We have two tables of \$4.00 and \$5.00 Men's and Women's Shoes—small sizes, but a bargain if your size is in the lot—choice of styles — \$1.98.

"A Young Man From This Office Is Serving His Country"

In these war times, men, not young men, form the rank and file of our patronage.

Men over the draft age, can assist by wearing garments until completely worn out. Have us dry clean, press and repair them at frequent intervals, and by so doing you will obtain the full value from them.

Our Rug Cleaning Department

is now in full swing. We are being kept busy all the time. It is far better to have your rugs and carpets dry cleaned, dusted or scoured than to have them beaten to pieces by machinery which removes all the newness and fineness from the material. The cost is only a very little more on a 9 by 12 rug, but the satisfaction is MUCH more.

The Long Arm of Mercy

By DR. FRANK CRANE

The Red Cross is the Long Arm of Mercy. It is the Kindness of Mankind—organized. In Man is an Angel and a Devil, a Dr. Jekyll and Mr. Hyde. The Red Cross is the Good, aroused, energized to thwart the Bad.

It is the best antidote we know to the bane of war. There are other Charities, more or less helpful. The Red Cross is the mightiest of all Charities, the Love and Pity of all men made supremely efficient.

If, as Emerson said, "sensible men and conscientious men all over the world are of one religion," this is the expression of that religion.

The Red Cross is Humanity united in Service. It asks no man's opinion; only his need. Black or White, Friend or Foe, to the Red Cross there is no difference; it only asks: "Who is Suffering?" And to him it goes.

The Red Cross is so Efficient that Governments recognize it; so Pure in its purpose that whoever wishes well his fellow men, desires to help it; so Clean in its administration that the most suspicious can find no fault in it.

The Red Cross not only seeks to alleviate the cruelties of War; it is the expression of those human sentiments that some day will put an end to War.

It is the impulse of Love, striving to overcome the impulse of Hate.

It is Mercy's co-operation struggling against War's rivalries.

It is the one Society in which every Man, Woman and Child should be enrolled; for it knows no sects, no prejudices, no protesting opinion; the human being does not live that does not feel that the starving should be fed, the sick tended and the wounded healed.

Majestic and divine is this Long Arm of Mercy; it finds the fallen on the battlefield, it brings the nurse and the physician to the victim in the hospital; it leads the weeping orphan to a home; it feeds the starving, cares for the pest-smitten whom all others abandon, and pours the oil of Help and Pity into the bitter wounds of the World.

Where a volcano has wrought desolation in Japan, or a Flood in China, or a Hurricane in Cuba, or a Famine in India, or a Plague in Italy, or ravaging Armies in Poland, Serbia or Belgium, there flies the Red Cross, the Angel of God whom the fury of men cannot banish from the Earth; and to the Ends of the Earth, over all the ways of the Seven Seas, wherever is Human Misery, there is extended, to bless and to heal, its Long Arm of Mercy.

THE SCARLET CROSS

By
Margaret Widdemer
Of the Vigilantes.

What is it that you do today, who lift the Scarlet Cross?
For all the withered world is down in ruin and in loss,

And all the world hears clashing sword, and hears no sound less plain—
What can you do who lift the Cross, but heal to fight again?

We guard the women left alone, heartbroken for their dead,
We save the children wandering where all save Fear has fled,

We raise again the broken towns swept down by shot and shell,
We heal again the broken souls hopeless from learning Hell—

Oh, they who saw but Grief and Hate see now our red sign plain—
We save the sad world's soul alive that War had nearly slain!

Bombardments Cannot Drive This Woman Back

She Thinks Coffee for Soldiers
More Important Than Safety.

The following extracts are taken from a letter written by a Red Cross Canteen worker, Helen McElhone, an American woman and college graduate now located in a district almost constantly under bombardment:

"Foyer des Allies,
"Bar-le-Duc.

"Things look very black to me. I am discouraged at the big outlook of affairs and also at my small doings, but it may be the blackness that comes before dawn. Let us hope so. Our men certainly need help now as much as the gollus. I am beginning to see those who have been at the front. In fact, I am beginning to see some of the results of this life. They are sick and homesick, and worse things have happened to them. Several have said: 'All we ask is to get to the front and do what we have to do. Anything is better than this life.' This morning we had more Americans than I have seen before at one time. One came up to me here as I was

drawing coffee from a big marmite as fast as I could fill cups and, pointing to his pipe, said, 'Tobac, tobac.' I said, 'Do you want some tobacco?' He seemed stunned for a moment and then said: 'Do you know it nearly gave me a fit to hear you speak English. I haven't heard a woman speak English in five months.' He said he had been walking about in the cold since four o'clock last night. He couldn't find a hotel or a bright light because, of course, everything is closed and darkened on account of the bombardments. . . . The Americans are very fond of ham sandwiches. They eat much more than the French soldiers, and when they first came in and ordered six eggs apiece it caused consternation throughout the land. The funniest thing of all is to hear the Sammies grandly urging these wealthy English girls to 'keep the change—oh, keep the change!' . . . We start the day at five and work continuously until nine, when three fresh cantinieres relieve us. At five we go on for the evening shift from five to eight, and it is the most exciting and exhausting of the shifts. There is a certain time when they come down on us like a flood, eight or ten deep around the counter and three or four hundred altogether in this little room, as eager and tired as schoolboys.

The foregoing letter indicates that our soldiers look to the Red Cross Canteen as a oasis in a desert. They would not have it if it were not for your Red Cross.

FOLEY'S HONEY AND TAR

A COUGH that threatens to rip and tear out the lining of the throat, that seems to jolt and jerk the chest beyond endurance, and causes an echoing thump at the back of the head as if you were hit with a sledge hammer—such a cough needs a cooling, soothing medicine like Foley's Honey and Tar Compound to coat the raw, inflamed surfaces with a healing balm.

Foley's Honey and Tar Compound has been used in many instances of severe bronchial, la grippe and other racking coughs that debilitate.

What Foley's Did For One Man

J. D. Enterkin, Winston, Ga., writes: "Several years ago I had a terrible attack, both lungs being inflamed. After recovering somewhat my lungs never 'cleared up' and I suffered severe pains, which I had for three months and couldn't get well. I got one 50c bottle of Foley's Honey and Tar Compound and it alone entirely cured me. It took all the soreness away and cleared my lungs. It is the most valuable medicine I ever used. I cheerfully recommend it."

This old standard remedy seems to get right at the seat of trouble, almost instantly relieves the nervous tickling in the throat, clears the passages, banishes that persistent irritation which instigates the paroxysms of coughing. One or two doses produce a desirable and welcome result.

Are You Prepared?

Foley's Honey and Tar Compound should be in every home. No cold should be neglected, however slight. It should be taken in hand promptly and checked just as soon as possible. The longer it lingers the worse for the sufferer. So don't experiment. Get the genuine Foley's Honey and Tar today and have it ready for coughs, colds, croup, whooping cough, la grippe or bronchial coughs. In 50c, 50c and \$1.00 sizes.

ANNIVERSARY OF LEAGUE OBSERVED

Short Sketch, "Keep the League Fires Burning," is Feature of Sunday Evening Program

MOTHERS DAY REMEMBERED

Spirit and Growth of League During Its 29 Years Discussed by Miss Marjorie Smith

The spirit of the Epworth League and its growth since the organization of the society twenty-nine years ago was discussed last night during the anniversary program, by Miss Marjorie Smith, who represented the league. The program was given in place of the regular Sunday evening church service.

The program which was one of the most interesting of the year, was directed by Miss Ellen Vickery and was given under the auspices of the members of the league. The feature of the program was a short sketch, "Keep the League Fires Burning," which was arranged by the league members and was participated in by a dozen girls and boys. A Boy Scout tent was erected on the rostrum and as the company gathered around the camp fire, several pretty musical numbers were sung and the sketch was closed with the song, "Keep the League Fires Burning."

Miss Louise Pitman, in keeping with Mothers Day, gave a reading entitled "Mother," the high school quintet sang "Mother March," Harold Miller responded with "A Prayer in Khaki" after which Lowell Wagner offered up a short prayer and Emerson Price gave a brief account of the work which the Epworth League is carrying on in the present war relief program of the country. Reade Casady who won first prize in the junior four minute man contest which was conducted in the junior high school last week, delivered an address on Thrift Stamps.

U. S. DEPT. OF AGRICULTURE HOW TO GROW Kohl - Rabi

The edible portion of the kohlrabi is the thickened stem. It is closely related to cabbage and cauliflower. It should be started in the hotbed or window box and set in the open ground about the time of the last frost. The method of planting and the cultivation is similar to that practiced for cabbage. It can be planted in the open at the same time. Early sowings are made, and if thinned to 4 to 6 inches apart the plants will soon grow to edible size under favorable conditions. This plant should receive much more consideration than usually is given it. It is really a poor man's cauliflower.—U. S. Department of Agriculture.

The still born daughter of Mr. and Mrs. Ray Dye of West Second street was buried yesterday afternoon in the East Hill cemetery here. The child was born yesterday morning.

MEMORIAL DAY HAS SPECIAL MEANING

Will be Marked by Special Service in Rush County Because of Present Conditions

W. R. C. CHARGE OF PROGRAM

State Council of Defense Urges All Citizens to Observe May 30 in Fitting Manner

Memorial Day in Rush county will be marked by services this year which will by far surpass those through which the county has done honor to county civil war veterans in former years.

The program will be in charge of the Woman's Relief Corps, the feature of which will be the annual parade to the cemetery when the county members of the Grand Army of the Republic will be escorted by the Rushville Boy Scout troops. Short addresses will be delivered at the cemetery and the graves of the old soldiers will be decorated with flags and flowers.

The State Council of Defense is urging a special observance of this day as never before, not only because of the fact that the men of the G. A. R. are rapidly dropping from the ranks but because the country is now in war the like of which, for its destructiveness and cruelty is without parallel in all history. The following injunction was sent out by the state council:

"We, as the State Council of Defense, urge upon the citizens of Indiana that they unite on May 30 to make Memorial Day an occasion in which not only shall our patriotic dead of the Civil war be gratefully remembered, but also an occasion when our citizens shall reconsecrate their lives, their fortunes and their sacred honor to the cause of patriotism today as vital and self-sacrificing as that which prompted our brave boys in the year of '61-'65.

"Let patriotic fires burn brightly on this day in every city, town, hamlet and community in Indiana and we urge that all surviving heroes of the civil war, that all who are giving their sons now to the cause of human freedom and that all who love our common country be completely united to save our nation from humanity's most powerful and treacherous foe."

Coupons For War Garden Books Sent in Unsigned

The National War Garden commission has received several unsigned coupons which were printed in the Daily Republican for the purpose of filling out and sending to the commission to get a war garden booklet. The commission has requested that Rush county persons who sent in coupons and never received the book to address a letter to the commission, Maryland building, Washington, D. C., giving their address, so a book may be forwarded at once.

FERTILIZER BAGS SHOULD BE SAVED

They Will be Scarce Next Year Due to Government Using Material

WARNING ISSUED BY AGENTS

War is Teaching Rush County the Necessity of Saving Even the Smallest Articles

The present war has taught Rush county residents that nothing is too small to save as nothing else could have done and now local fertilizer agents have made an appeal to their customers that even the humble jute bag must be saved to guard against the threatened famine.

Formerly the cheapest of fibres, jute has increased in value so rapidly that the burlap necessary for bagging a ton of fertilizer now adds between three and four dollars to the cost of that fertilizer. Likewise the used bags now have a value sufficiently high to make it worth while for the farmers to practice conservation.

Bags will be needed next year for the harvesting of farm crops and at that time although new bags will be obtainable it will be only in small quantities as much of the available supply is being taken over by the war industries.

Even now there are companies doing thriving businesses on the purchase of second-hand bags. The price of good bags is high and offers immediate returns for the work of conservation. In another season, local dealers have pointed out that we may have to face the necessity of bulk shipments, and if farmers and dealers will make preparations for this time by saving the sacks of this year's shipment, the labor of handling such bulk shipments will be greatly reduced. Although it takes a little time and forethought now, it may mean the saving of much time and money in 1919.

DIAPASONS MEET MAY 19

Fifteenth Annual Reunion Will be Held at Christian Church

The fifteenth annual reunion of the Rush County Diapason association will be held at the Main Street Christian church Sunday afternoon, May 19 at 1:30 o'clock. A large attendance is expected by John A. Spurrier, the perceptor. It is the hope of the association that C. C. Chester of Des Moines, Iowa, one of the early teachers in Rush county, will be present. David McKee of Connersville is president of the association and Will L. King of this city is secretary.

SAVE THE WHEAT TALKS No. 1 A Most Serious Situation

Our wheat situation is today the most serious situation in the food supply of the whole Allied world. Our harvest was less than was estimated. There is also another and more bitter difficulty in the delays of shipping and in the growing scarcity of ships. We had all expected that the Argentine supply would be available in Europe before this time. Those supplies will not arrive for another two months in quantity, and even then will be less than we had expected. The consequence is that the supply of bread-stuff in Europe is at its lowest ebb. There is but one source of supply and that is the United States.

Today our investigation shows that if we are to ship to the Allies the amount that is necessary to carry over, even the minimum of the bread supply, to their people, we must cut our own consumption by one-half. The limit that we propose on Allied shipment is simply the limit of our exporting power. It may eventuate, even, that we must reduce the bread consumption of the United States more than one-half.

—C. E. Food Administration for Indiana.

PERITONITIS FATAL TO MARIE ALEXANDER

Youthful Wife of Donald Alexander Dies Eight Days After Birth of Twin Sons

ONE OF THE TWINS IS DEAD

Marie Clawson Alexander, 23, wife of Donald Alexander, died Sunday morning at two o'clock at her home west of the city, following an illness of peritonitis which developed after the birth of twin sons a week ago last Saturday.

The deceased was the daughter of Mr. and Mrs. Ira B. Clawson and

although she was born in this county, had gone to California when a small child and had resided there with her parents, until seven years ago when she returned to this city and made her home with her mother and grandparents. Mr. and Mrs. Joseph Clawson until her marriage last August.

Mrs. Alexander was prominent among the young people of the city and was among Rush county's most accomplished musicians. She was a member of the Main Street Christian church and for several years had held a state office in the Psi Iota Xi sorority.

Aside from her parents she is survived by her husband, Donald Alexander, one son Joseph Alvin,

and her grandparents, Mr. and Mrs. Joseph Clawson. William Ira, the other infant son, died two days previous to the death of his mother.

The arrangements for the funeral have not been made but the services will not be held until Ira Clawson, father of the deceased, arrives from California. The services will be conducted by the Rev. L. E. Brown, pastor of the Main Street Christian church.
